INTRODUCTION

AND

GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1957 edition of the Fayetteville City Directory, which also includes Bonnie Doone, Drake Park, East Fayetteville, Honeycutt, Lakedale, Lafayette Village, Massey Hill and Myrtle Hill.

Confidence in the growth of Fayetteville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Fayetteville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Fayetteville Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings — a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Fayetteville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Fayetteville and vicinity, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on green paper, is the third major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a

business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Fayetteville and vicinity.

The Fayetteville Directory Library

Through the courtesy of the publishers of the Fayetteville City Directory, a Directory Library is maintained in the offices of the Fayetteville Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

FAYETTEVILLE

(Courtesy Fayetteville Chamber of Commerce)

HISTORIC FAYETTEVILLE

Fayetteville was settled on the banks of the Cape Fear River at the mouth of Cross Creek in 1739, by Scotsmen, who named the place Campbellton. About a mile from Campbellton on upper Cross Creek a grist mill was built in 1765. A village grew up around the mill, and the trading center which resulted was called Cross Creek. It was thus named because of a phenomenon of nature, two creeks crossing each other practically at right angles, the waters of one running under the waters of the other. The phenomenon later was destroyed by the building of a dam and mill on one of the creeks. In 1778 Campbellton and Cross Creek were united. When the community was incorporated five years later, the town was named Fayetteville, thus becoming the first American settlement to be named in honor of the French General Marquis de Lafayette, who had been of such valuable service to the American Colonies during the Revolutionary War.

On June 20, 1775, more than a year before the Philadelphia Declaration of Independence, 39 Cumberland County patriots adopted resolutions of independence and pledged themselves to the defense of American Liberty. These resolutions were written and signed first by Col. Robert Rowan. The resolutions became known as the Liberty Point Resolves, and the spot at which the patriots met is known to this day as Liberty Point, and it is suitably marked with a plaque bearing the names of the patriots.

The Fayetteville Independent Light Infantry is the second oldest military organization in America, organized in 1793. The first captain was Robert Adam, who died in 1801 and is buried in Cross Creek Cemetery. The F. I. L. I. was a member of the noted "Bethel Regiment," taking part in the first battle of the War Between the States, June 10, 1861. Its members have taken part in every war which our country has been engaged.

A disastrous fire occurred in Fayetteville on May 29, 1831, destroying almost the entire town. The loss has been estimated at from \$1,000,000 to \$1,500,000.

The center of Fayetteville's historic life, the State House, originally was built about 1780. The General Assembly met there in 1788, 1789, 1790 and 1793. There the Federal Constitution was adopted in 1789, and the charter was granted for the University of North Carolina, America's oldest state university. In that same year, land for the State of Tennessee was ceded by the General Assembly. The great fire of 1831 destroyed the building, and the present structure was erected about 1838. This also has been called the Town House or Town Hall. After the War Between the States, it came to be known as the Market House, because meat and produce were sold there under its Morrish arches.

The curfew bell in the old Market House has rung regularly for more than 100 years. It originated as a signal that all slaves must be in their quarters by 9 P. M. If found on the streets without a pass after the curfew, they were lodged in jail until released by their masters. Children were expected to be under the parental roof before the curfew rang. The Market House bell still rings the breakfast call at 7:30 each morning, the dinner bell at one o'clock, and the sunset bell at exactly the sunset hour, besides sounding the curfew at nine o'clock.

The old Cool Spring is another historic spot of early Fayetteville. This spring supplied the inhabitants of part of the town with drinking water. On a marker placed there by the Colonial Dames of America is the old legend that whoever drank from this spring would always return. The Fayetteville Independent Light Infantry held their annual meetings there.

Overshadowing the spring is the Flora MacDonald Oak, where the Scottish heroine stood when she reviewed the Highlanders on the "march out" after they had set up their standard at the Town Square in Cross Creek early in 1776.

In 1838 the U. S. Arsenal was built on Haymount, the ground occupying forty acres. At the beginning of the War Between the States the Arsenal was captured by the Confederates, and here small arms were manufactured. It was completely destroyed by Sherman in March, 1865. One of the two markers there is built with some of the old foundation stones.

Fayetteville has the distinction of having two confederate monuments. The one in Cross Creek Cemetery, erected Dec. 30, 1868, was the first in North Carolina, and one of the first in the South. The monument on the site of the old Court House on James Square was unveiled May 10, 1902.

Located here is the Confederate Woman's Home Maintained by the State and the North Carolina Division, United Daughters of the Confederacy.

First Presbyterian Church

Noted for its churches and church life, Fayetteville and vicinity proudly claim a number of the oldest Presbyterian churches of North Carolina. The First Presbyterian Church, on Bow Street, was founded in 1755 and organized in 1800. The original edifice was burned in the fire of 1831. Its foundation and walls were used for the present structure, which was built and dedicated in 1832.

Three early Presbyterian churches—Longstreet, Bluff and Barbecue—are the oldest in the upper Cape Fear County. They were organized Oct. 18, 1758, by the Rev. James Campbell, native of Scotland, who is buried on the east side of the Cape Fear River.

St. John's Episcopal Church was organized April 8, 1817, with the Rev. Bethel Judd, D.D., as the first rector. In June of that same year the foundations of the building were laid by the Masonic Order, and the church was dedicated in April, 1819. This first structure was burned in 1831. The present church was soon rebuilt on the old foundations.

Many other outstanding historic spots in and around Fayetteville will appeal to visitors, as well as numerous sites of modern progress. Myrtle Hill, on which the new Veterans' Hospital is located, once was the estate of Judge Robert Strange. Remnants of the old Confederate breastworks thrown up during the War Between the States are still visible on the grounds, and also a part of the old canal running along the Cape Fear River.

McNeill's Mill, which until recently stood on the corner of Old and Green streets, was built in 1764, and was in continuous service for 175 years. The Masonic Lodge at the head of Mason Street has records as far back as 1788, and probably was chartered by the Grand Lodge of the Masons of Scotland in 1760. The second session of the Grand Lodge of the State was held here, Governor Samuel Johnston being the Grand Master.

Market House

MODERN FAYETTEVILLE

Location and Transportation

Fayetteville is located at the head of navigation on the Cape Fear River, with an eight-foot channel to the coast. Petroleum products make up the bulk of the freight handled on the river at the present time. In addition, there is some transportation of sand and gravel by barge. Fayetteville is served by three railroads and several motor-freight lines for freight; and by one main-line railroad and three bus lines for passenger service. Air transportation is available at the modern Municipal Airport, with fourteen flights per day. Located on two of the most heavily traveled north-south main highways (U.S. 301, U.S. 15-A and U.S. 401), Fayetteville is a convenient stopping point for tourists, who find excellent accommodations in the local hotels, tourist homes and tourist courts.

Industry and Agriculture

Over a period of years, agricultural activities have been of prime importance in this section of North Carolina. The biggest development in this connection in recent years was the establishment of a tobacco market in 1946. At the present time there are two tobacco warehouses, where the chant of the auctioneer rings out in all its traditional color during the market season, which lasts for about two months beginning in early August. These local warehouses have a combined total of approximately eight acres of floor space. During the 1954 tobacco season, this market sold approximately 9,750,000 pounds of tobacco for an aggregate price of \$5,000,000. In addition to the tobacco market, Fayetteville has a cotton market and a livestock market. The livestock market handles annually approximately 20,000 animals and pays out approximately \$825,000. In recent years, industrial activities have come more and more to the front, and the industrial payroll is now estimated to be about \$11,000,000 annually.

Military

Fayetteville is the home of Fort Bragg, one of America's largest and most important military installations. It also is the home of the 82d Airborne Division, "America's Guard of Honor." This division was located at Fort Bragg

prior to going into combat and returned to its "old home" covered with glory and honors earned during the struggles of World War II. With the separation of the Air Force from the Army, Pope Air Force Base was established on the reservation, occupying the location formerly known as Pope Field. Headquarters of the Ninth Air Force is located at Pope Air Force Base.

Commercial

With the post-war improvement of existing stores and with the addition of new stores, both chain and local, Fayetteville is becoming more and more popular as the shopping center of southeastern North Carolina. Virtually all items found in the larger cities now can be found in Fayetteville at prices which are in line with those of the larger shopping centers. Fayetteville has grown in recent years to become the seventh largest city in North Carolina. It is the largest city between Charlotte, N. C., and the Atlantic Coast, and between Raleigh, N. C. and Columbia, S. C. The trade area extends approximately 35 miles north, 50 miles east, 75 miles south, and 70 miles west, and in this area there is an estimated population of 500,000.

Housing and Recreation

Housing and recreational facilities have been overtaxed more than anything else in recent years, but progressive programs in both these fields are beginning to show favorable results. Present home and apartment construction has reached a new high, and it is probable that more family units will have been completed in this community in 1955 than during any previous year. There are 22 municipal parks and recreational facilities including two municipal swimming pools, one for white and one for Negroes. There are two country clubs, with tennis, golf, swimming, dining and dancing facilities. Five regular theatres and seven drive-in theatres furnish entertainment in the motion-picture field. Two U.S.O. clubs provide recreational facilities for service men and their families. Other recreational facilities include bowling alleys and skating rinks. Several nearby ponds and lakes furnish quiet recreation for those who enjoy fishing. Large and small game provide excitement and recreation for the local and visiting nimrods.

Government

Fayetteville is the county seat of Cumberland County. The county is governed by a Board of Commissioners, and the city has the council-manager form of government. The five-man Council elects one of its own members as Mayor.

Utilities

Urban bus service, telephone service and gas are furnished by private companies. Water and electricity are furnished by the Public Works Commission, except that large consumers of power are permitted to deal directly with the Carolina Power & Light Co. The municipally-owned modern filter plant has a normal capacity of 5,000,000 gallons per day, but this can be increased 50 % without undue strain. In addition, an older plant with a capacity of 3,000,000 gallons per day is maintained for emergency use. The source of water is springs arising from adjoining sand hills, and three lakes are used as reservoirs. These lakes have a storage capacity of 320,000 gallons. Two elevated storage tanks have a capacity of 1,000,000 gallons each, and a clear-water reservoir has a capacity of 1,500,000 gallons. The water plant is surrounded by a veritable garden, with rolling green lawns, flowering plants, and evergreens. Glenville Lake mirrors the surrounding cypress and tall pine trees in a peaceful setting. Water pouring over the spillway creates a sparkling waterfall which flows among the rocks, between lacy green weeping willows, and hundreds of multi-colored azaleas. The rose garden contains many varieties and colors to delight the eye, and there are many smaller beds of hydrangeas, gladioli, jonquils, dahlias, and other flowers. Dogwood trees dot the landscape, in addition to several varieties of evergreens. Visitors always are welcome to inspect the modern filtration plant, and to enjoy the flowers in season.

Education

Fayetteville long has ranked high in the education world. One of the first graded schools in North Carolina was started here by Dr. Alexander Graham, father of Dr. Frank P. Graham, and for whom the present Junior High School

is named. The handsome new high school building is one of the finest in the state. Greater Fayetteville now has seven graded schools, one junior high school, and one senior high school for white children. There are three graded schools, one junior high school and one senior high school for Negroes. In addition the oldest state normal school for Negroes in the U. S. is located here. Founded in 1877, it has enjoyed phenomenal growth. It is now called the State Teachers College. Nearby are several other institutions of higher learning—Presbyterian Junior College, at Maxton; Flora MacDonald College, at Red Springs; Pineland College, at Salemburg, and Edwards Military Institute, at Salemburg.

Climate and Altitude

Mean annual temperature . . .	67.7° F.
Average annual low.	44.9° F. (January)
Average annual high.	79.4° F. (July)
Average annual rainfall	48.1 inches
Altitude above sea level. . . .	174 feet

Periods of extreme cold in winter (15° to 30° F.) and extreme heat in summer (88° to 98° F.) are of short duration. Riding and golf can be enjoyed the entire year due to the moderate climate. Numerous azalea and camellia gardens and wisteria decorate the community each spring, and Mother Nature is extravagant with the variety of colors each fall. Annual events of interest to visitors include the Camellia Show, the Flower Festival, the Fall Flower Show, a dog show (American Kennel Club-approved), and a dairy cattle show.

U. S. POSTAL INFORMATION

POSTAGE RATES AND CLASSIFICATION

For information regarding classification, postage rates, and mallability of domestic mail of all classes, entry and mailing of publications as second-class matter, metered and permit mail, bulk rate mailings of third-class matter, Business Reply Cards and Envelopes, apply at your local post office.

DOMESTIC POSTAL RATES

First-Class

LETTERS: 3 cents for each ounce or fraction of an ounce. (Local delivery same rate.)

POST CARDS or POSTAL CARDS: 2 cents each within prescribed sizes.

BUSINESS REPLY CARDS: 3 cents each; Air Mail, 5 cents each.

BUSINESS REPLY ENVELOPES: Business reply envelopes 1 cent in addition to regular postage. Apply at Post Office for Permit.

Second-Class

NEWSPAPERS AND PERIODICALS (Transient rate): 2 cents for the first 2 ounces, and 1 cent for each additional 2 ounces or fourth class rate, whichever is lower.

Third-Class

(Limit 8 ounces)—On circulars and other miscellaneous printed matter, also on merchandise, 2c for the first 2 ounces or fraction, plus 1c for each additional ounce or fraction.

On books and catalogs having 24 or more pages; also, seeds, cuttings, bulbs, roots, scions, and plants—2 cents for first 2 ounces and 1½ cents for each additional 2 ounces.

Bulk Rate

For Details Consult Your Local Postmaster

Fourth-Class—(Parcel Post)

The present size and weight limits for fourth class (parcel post) will continue to apply in all cases except for parcels mailed at a first class office for delivery to another first class office in which case the size is limited to 72 inches length and girth, 40 pounds in weight to the local first and second zones, and 20 pounds in weight in the third to the eighth zones. Exceptions to the new size and weight restrictions are:

(1) Baby fowl, live plants, trees, shrubs, or agricultural commodities (not including manufactured products thereof).

(2) Books, permanently bound for preservation, consisting wholly of reading matter or reading matter with incidental blank spaces for students' notations and containing no advertising matter other than incidental announcements of books.

(3) Parcels mailed in the United States, including the District of Columbia, for delivery by any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, or mailed at any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, for delivery in the United States, including the District of Columbia, or any Army or Fleet post office or any Territory or possession thereof, including the Canal Zone and Trust Territory of the Pacific Islands.

It is not contemplated that the provisions of this law shall be evaded or circumvented by diverting parcels exceeding the prescribed limits of size and weight from first class offices and mailing the parcels at offices of the second, third or fourth class or on rural or star routes.

Zone	1st lb. (cents)	Additional lbs. (cents)

The fees for Senders' Return Receipts for domestic, registered, certified and insured mail shall be as follows:

When requested at time of mailing, 7c
When requested after mailing, 15c (not certified)
Showing address where delivered, 31c
Deliver to addressee only, 20c

AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

MR. CITIZEN!

CORRECT INFORMATION

IS VALUABLE TO YOU!

-----◆-----
Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

TEL. 2-8351

1107 ROBESON ST.

LaFAYETTE MEMORIAL PARK

The "Garden Plan" of cemetery design is based on the sentiment that the final resting place of our loved ones should be one of quiet beauty. An inviting garden spot that breathes happy memories, and tells the story of Life, not death:

The faith which inspired the founders of Beautiful LaFayette Memorial Park has been justified by the public acceptance of this modern plan of burial estates. Hundreds of our local families are now part owners of this "Garden Spot".

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Typical Questions

Your City Directory
Will Answer

ABOUT AN INDIVIDUAL

How does he spell his name?
What is his middle initial?
Is he married? What is his wife's name?
Where does he live?
Does he own his home or rent?
Has he a telephone?
Who are his neighbors?
What does he do for a living?
Where does he work?
Is he the "head of the house" or a resident?
Does he own a business? Is he a member or officer?
Who else is in the same business or profession?
Is the woman single, married or a widow?

ABOUT YOUR CITY

What is the city's history?
What are the latest population figures?
What is the latest statistical and general civic information?
What are the leading industries and activities of the city?
What are the names and locations of the schools?
What are the churches and where located?
Who are the pastors of the churches?
What are the locations of the hospitals, homes and asylums?

ABOUT A LOCALITY

How is the quickest way to get there?
Who lives at a given address?
Is there a telephone at the address or nearby?
What is the character of the neighborhood?
Is it a "home-owners" section?
What is the nearest street corner?
What is the nearest store, church, school, garage, shopping center, parking lot, etc.?
Where are the public and office buildings?
If it is a business location, what business?
If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN

What is the nature of the business?
What is the correct name and address?
Is it a Proprietorship, Partnership or Corporation?
Who are the partners, owners, or officers?
Who else in same or similar lines?

CAUTION

 Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

**Do your employers
furnish you with the
latest edition of the
City Directory**

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Out of Sight! • Out of Mind! • Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Mr. Citizen!

*Correct Information Is
Valuable to You!*

¶Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A "*YELLOW SECTION*", where the advertiser may explain in greater detail the services or products he has to offer.

5 A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.

IN ADDITION to names and addresses, your City Direc-
tory contains much detailed information concerning the
people of your community. In order to list this information
certain symbols and designations have been developed which
enable important statistics to be compressed into the smallest
possible space. You will receive far greater benefits from
your City Directory if you familiarize yourself with the symbols
and what they stand for.

In checking credit applications, in conducting direct mail
advertising programs, in planning sales campaigns, in build-
ing prospect lines, and in scores of other ways your City
Directory will prove of invaluable assistance.

KNOW YOUR DIRECTORY SYMBOLS

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson)

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

HILL'S FAYETTEVILLE

Directory of Household,ers, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

Including
Bonnie Doone, Drake Park, East Fayetteville, Honeycutt,
Lakedale, Lafayette Village, Massey Hill, Myrtle Hill and
Owen Village

1957

Copyright, 1957, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Your City Directory has HUNDREDS OF USES AND APPLICATIONS

BUYING

Learning new sources of supply.
Keeping up with known sources of supply.
Checking on the record of firms from which you buy
as to dependability, stability, etc.

SELLING (*Including market analysis and sales promotion*)

Locating new markets.
Maintaining up-to-date mailing lists.
Analyzing the buying power of a community or
street.
Routing salesmen to avoid lost motion in reaching
prospects.
Locating residents of hotels and apartment buildings,
many of whom are listed nowhere else.
Identifying names and titles of officials, for use of
salesmen.

CREDIT REFERENCE (*and Collections*)

Running down delinquent debtors.
Checking credit applications as to address, moving
habits, names of employers, stability of employ-
ment, family status, neighbors, whether owner
or renter, etc.
Identifying persons of same or similar names.
Investigating cases in welfare, charitable, social ser-
vice and legal work.

DELIVERY *Communication, Mailing, Etc.*

Routing deliveries.
Reducing dead letters and insuring more complete
delivery of mail.
Effecting delivery of messages and parcels errone-
ously or defectively addressed.
Correcting names and titles.

LAW ENFORCEMENT *Criminal Detection and Apprehension*

Tripping bad-check passers.
Deciphering illegible signatures.
Guarding against habitual bill dodgers.
Tracing heirs and witnesses, settling estates, and
establishing facts as of a certain date.
